

The Problem Mare

 **13 January - 17 February 2022**

 **Course Description**

This five week online course will cover important aspects of the problem mare with “lunch and learn” seminars every Thursday lunchtime from 13 January to 17 February 2022.

Internationally recognised specialists in equine reproduction and clinical research will give presentations on a range of topics surrounding advanced gynaecology. The floor will then be opened to participants in a 25 minute Q&A session.

The seminars are recorded and available to course participants on demand.
